

The Avar People of Dagestan

The Avar are Muslim people in the former Soviet, Caucasus Mountains of Dagestan. As a part of this larger people group there are three mountain peoples without a Christian witness or a Bible translation. These three people groups and their populations are:

- Batlukh (50,000)
- Antsukh (50,000)
- Andalal (60,000)

Pray the following for these people:

- Bible scholar and translation team.
- Support to cover publishing costs.
- Peaceful open door with each group.
- Equipped and sent messengers of the gospel.

Will you take this unreached people into your heart and join us in prayer?
